

FIG. 1

Fig. 1 is a schematic diagram of a mechanical assembly within a rectangular frame. A diagonal member, labeled 12, is the central component. It is supported at its lower end by a base or pivot mechanism, labeled 14 and 16. A series of parallel members, labeled 22, are connected to the diagonal member 12 and extend towards a horizontal member, labeled 25. A vertical member, labeled 26, is positioned on the left side. A circular component, labeled 40, is located at the top right corner. A hatched rectangular block is situated at the bottom left. Various other labels (15, 24, 25, 26, 42) point to specific parts of the assembly.
